Journal of Occupational and Environmental Medicine
Vol. 44, January–December 2002

INDEX TO PAGES

According to monthly issues January–December

Pages	Month	Pages	Month
1–103	January	599–701	July
105–213	February	703–800	August
215–302	March	801–883	September
303–391	April	885–986	October
392–485	May	987–1092	November
487–598	June	1093-1222	December

SUBJECT INDEX

A

Absenteeism: *see also* Sick leave
  costs and health risks association with, 1126
  health status and employee productivity, 14
  stress, mucosal immunity, and upper respiratory infections (letter), 987
Acquired immunodeficiency syndrome, in the workplace, ACOEM position statement, 495
Adolescents, musculoskeletal pain, work as risk factor for, 956
Aerobic exercise, median nerve conduction in carpal tunnel syndrome and (letter), 303
Agent Orange, dioxin contamination in Vietnamese three decades after (letter), 218
Aging, police officer, work-related stress and, 160
Agricultural workers: *see also* Farmers/Farmworkers
  hazardous substances emergency events in, CME article, 714
  job-exposure matrix development, 865
Air pollution
  acute respiratory infection and, children in developing countries, 640
  chronic lower respiratory diseases, emergency room visits in elderly and, CME article, 622
Airline pilots, vascular endothelial growth factor promotor mutations and amyotrophic lateral sclerosis in (letter), 987
Alarie test, respiratory tract irritation assessment, 968
Allergies, primary and secondary, to laboratory animals, workers exposed to, 1143
Alzheimer's disease, electromagnetic field exposure and, 66
American College of Occupational and Environmental Medicine, position statement, HIV and AIDS in the workplace, 495
American College of Occupational and Environmental Medicine (ACOEM), position statement, automated external defibrillation in occupational setting, 2
American Occupational Health Conference (AOHC)
  2002 exhibitors, 382
  overview and highlights, 195
Amphetamine-positive drug testing, precursor medications as source of, 435
Amphetaminil, methamphetamine/amphetamine-positive drug testing and, 435
Amyloid β protein, melatonin metabolite and, in electric utility workers, 769
Amyotrophic lateral sclerosis
  cause-specific mortality and, air base civilian employees, long-term study, 989
  vascular endothelial growth factor promotor mutations and, in airline pilots (letter), 987
Anxiety, chemical sensitivity and asthma and, CME article, 890
Arsenic exposure, lung cancer and, mortality rates, 291
Asbestos exposure
  lung cancer risk estimation and, construction workers, 1190
  lung/pleural cancer, mortality in pulp/paper industry, 579
Asphalt roofing/production, lung cancer and respiratory disease in, 551
Asthma
  depression and anxiety in, CME article, 890
  hairdressers, prevalence and risk factors, in Turkey, 585
  incidence in construction workers, in Finland, 752
  trimellitic anhydride-induced, rhinitis and conjunctivitis prevalence in, 1179
Audiometric findings, workers exposed to low levels of styrene and noise, CME article, 806
Automobile finishings plant, isocyanate and solvent exposure effects on pulmonary function, 1083
Autonomic nervous system, lead exposure, cardiac rhythm analysis for evaluation, 59

B

Back injury
  claims, medical care utilization review program effects on, 365
  low
    early physical therapy effects (letter), 490
    physical therapy role in (letter), 488
Back pain: *see under* Pain
Benzene exposure, trans,trans-muconic acid as biomarker of, 1173
Biomass, indoor exposure to, lung cancer risks and, in rural China, 338
Bladder cancer
  occupational risk factors for, 685
  paint and, 258
Blood coagulation factors, job characteristics and, male Korean workers, 997
Blood pressure, firefighters on hazardous materials teams, 669
Body mass index, health status and, association in firefighters, 94-
Body temperature, deep core, industrial workers under thermal stress, 125
Boilermakers, polycyclic aromatic hydrocarbons, 1-hydroxypyrene as biomarker of exposure to, 1119
Book reviews, 101, 192, 302, 380, 783, 985, 1207
Brain
  cancer, occupational exposures in Finnish women, 663

Allergies, primary and secondary, to laboratory animals, workers exposed to, 1143
Alzheimer's disease, electromagnetic field exposure and, 66
American College of Occupational and Environmental Medicine, position statement, HIV and AIDS in the workplace, 495
American College of Occupational and Environmental Medicine (ACOEM), position statement, automated external defibrillation in occupational setting, 2
American Occupational Health Conference (AOHC)
  2002 exhibitors, 382
  overview and highlights, 195
Amphetamine-positive drug testing, precursor medications as source of, 435
Amphetaminil, methamphetamine/amphetamine-positive drug testing and, 435
Amyloid β protein, melatonin metabolite and, in electric utility workers, 769
Amyotrophic lateral sclerosis
  cause-specific mortality and, air base civilian employees, long-term study, 989
  vascular endothelial growth factor promotor mutations and, in airline pilots (letter), 987
Anxiety, chemical sensitivity and asthma and, CME article, 890
Arsenic exposure, lung cancer and, mortality rates, 291
Asbestos exposure
  lung cancer risk estimation and, construction workers, 1190
  lung/pleural cancer, mortality in pulp/paper industry, 579
Asphalt roofing/production, lung cancer and respiratory disease in, 551
Asthma
  depression and anxiety in, CME article, 890
  hairdressers, prevalence and risk factors, in Turkey, 585
  incidence in construction workers, in Finland, 752
  trimellitic anhydride-induced, rhinitis and conjunctivitis prevalence in, 1179
Audiometric findings, workers exposed to low levels of styrene and noise, CME article, 806
Automobile finishings plant, isocyanate and solvent exposure effects on pulmonary function, 1083
Autonomic nervous system, lead exposure, cardiac rhythm analysis for evaluation, 59

B

Back injury
  claims, medical care utilization review program effects on, 365
  low
    early physical therapy effects (letter), 490
    physical therapy role in (letter), 488
Back pain: *see under* Pain
Benzene exposure, trans,trans-muconic acid as biomarker of, 1173
Biomass, indoor exposure to, lung cancer risks and, in rural China, 338
Bladder cancer
  occupational risk factors for, 685
  paint and, 258
Blood coagulation factors, job characteristics and, male Korean workers, 997
Blood pressure, firefighters on hazardous materials teams, 669
Body mass index, health status and, association in firefighters, 94-
Body temperature, deep core, industrial workers under thermal stress, 125
Boilermakers, polycyclic aromatic hydrocarbons, 1-hydroxypyrene as biomarker of exposure to, 1119
Book reviews, 101, 192, 302, 380, 783, 985, 1207
Brain
  cancer, occupational exposures in Finnish women, 663

neural conduction biomarkers in children of lead glazing workers, 855
Bronchitis, 1,2-dichloroethane, oral administration effects, 475
Burn injuries
hand, occupational, type, location, and severity, 345
hydrofluoric acid, management of (letter), 309
welding, localized neutrophilic dermatosis after (letter), 491
work-related, long-term review study, 692

C

Cancer
bladder, occupational risk factors for, 685
brain and nervous system, occupational exposures in Finnish women, 663
chronic lymphocytic leukemia/non-Hodgkin's lymphoma, occupation and risks of, 469
incidence of, nuclear reactor workers in Finland, CME article, 634
lung, asphalt roofing and asphalt production, 551
lung/pleural, asbestos exposure, mortality in pulp/paper industry, 579
mortality rates, job-exposure matrix development in agricultural workers, 865
non-melanoma skin, sun-related behavior of outdoor working men with, 847
risk
painters and paint manufacturing industry workers, 258
trichloroethylene/perchlorate in drinking water and, 616
risk assessment, comprehensive control program implementation and, one-year outcome report, 398
small bowel, occupational risk factors for, CME article, 516
thyroid, occupational risks of (letter), 307
triazine herbicide manufacturing workers and, 1048
Capsaicin, cough sensitivity in, CME article, 1012
Cardiac arrest, automated external defibrillation in the workplace and, ACOEM position statement, 2
Cardiac rhythm analysis, lead exposure and, effects on autonomic nervous system and, 59
Cardiopulmonary exercise test, chronic obstructive pulmonary disease, comparison with pulmonary function test for evaluation, 54
Cardiovascular disease
blood coagulation factors and job characteristics, male Korean workers, 997
risk assessment, comprehensive control program implementation and, one-year outcome report, 398
risk factor awareness, Heart At Work Program effects on, 228
risks, Coronary Health Improvement Project, impact of, 831
stress and, in law enforcement officers, 1182
Carpal tunnel release
distal motor latency as predictor of outcome in (letter), 704
normal median nerves and (letter), 599
Carpal tunnel syndrome, median nerve conduction and, aerobic exercise and (letter), 303
Ceramic glazing, lead intoxication from, noise exposure and, neuro-ototoxicity effects, 30
Chemical employees, mortality among, long-term review study, 168
Chemical exposure
maternal, during pregnancy, prospective and retrospective study, CME article, 708
nasal mucosa innervation in environmentally triggered hyperreflectoric rhinitis, 924
Children, air pollution and acute respiratory infection, in developing countries, 640
Chlorine exposure, public health consequences of, CME article, 906
Circadian rhythm, industrial workers under thermal stress, deep core body temperature in, 125
Clobenzorex, methamphetamine/amphetamine-positive drug testing and, 435
Coal, indoor exposure to, lung cancer risks and, in rural China, 338
Coal workers, pneumoconiosis in, *MnSOD, GSTM1, GST1093, OGG1* genetic polymorphisms in, 372
Cognitive impairment, risks of, electromagnetic field exposure and, 66
Cold, common, productivity losses related to, CME article, 822
Conjunctivitis, trimellitic anhydride-induced asthma and, prevalence, 1179
Construction workers
asthma incidence in, in Finland, 752
disabling occupational injury in, 1161
fatal injury in, OSHA trench and excavation standards impact on, CME article, 902
health promotion in, 540
lung cancer risk estimation and asbestos exposure, 1190
toxic inhalation fatalities in, 657
Continuing Medical Education
air pollution effects on emergency room visits in elderly, 622
anxiety sensitivity and depression in multiple chemical sensitivities and asthma, 890
audiometric findings in workers exposed to low levels of styrene and noise, 806
cancer incidence in Finnish nuclear reactor workers, 634
case-site/control-site study of workplace violent injury, 1018
depression-related short-term disability, 628
hazardous substances emergency events in the agriculture industry, 714
impact of OSHA trench and excavation standard on fatal injury in the construction industry, 902
increased capsaicin cough sensitivity in patients with multiple chemical sensitivity, 1012
in *JOEM* (editorial), 487
migraine headache, lost productivity due to, CME article, 523
prevalence of common infections among employees in different work schedules, 1003
productivity losses related to the common cold, 822
prospective and retrospective reports of maternal exposure to chemical during pregnancy, 708
public health consequences from acute chlorine releases, 1993–2000, 906
questionnaire for assessing physical work loads, validity of, 724
sick leave and physical leisure-time activities, 530
small bowel carcinoid tumor, occupational risk factors for, CME article, 516
standing at work during pregnancy effects on infant birth weight, 815
Coronary artery bypass graft, return to work after, supervisor attitudes toward, 331
Coronary Health Improvement Project, impact of, 831
Costs
disability, annual costs of, in diabetes mellitus, 136
health risks and, association with time away from work, 1126
hepatitis A prevention in health care workers, cost analysis, in Israel, 109
reduction of, health care management initiative effects on, workers' compensation, CME article, 1100
workplace injury, risk assessment team effects on, 155
Cotinine, levels, secondhand smoke exposure in the workplace and, 503
Cotton-mill-room noise, chronic exposure to, tracheal epithelium cell composition effects, rats, 1135
Creosote workers, biological *vs.* ambient exposure monitoring, 310
Crush injuries, hand, occupational, type, location, and severity, 345

D

Defibrillation, automated external, in the workplace, ACOEM position statement, 2
Dementia, electromagnetic field exposure and, 66
Deprenyl, methamphetamine/amphetamine-positive drug testing and, 435

Depression
chemical sensitivity and asthma and, CME article, 890
quality of mental health services, treatment effectiveness effects on worker productivity, 320
Dermatosis, localized neutrophilic, after welding injury (letter), 491
Diabetes mellitus
disability and economic impact in, 136
firefighters with (letter), 492
Dichlorodiphenyl dichloroethene, parental concentrations of, sex ratio in offspring and, 8
1,2-Dichloroethane, oral administration, pneumotoxic effects after, 475
Dimethylamphetamine, methamphetamine/amphetamine-positive drug testing and, 435
Dioxin, contamination in Vietnamese, three decades after Agent Orange (letter), 218
Disability
annual costs of, in diabetes mellitus, 136
depression-related short-term, CME article, 628
health promotion program participation and, 776
persons with, in the workplace, 358
work, in the Netherlands, 510
Disaster, World Trade Center, health effects and occupational exposure in office workers near, 601
Distal motor latency, as predictor of outcome in carpal tunnel release (letter), 704
Drug laboratory, law enforcement officers investigating, exposure to hazardous chemical, 184
Drug testing: *see* Substance abuse screening
Dust exposure, small-scale wood industry workers, 1153

E

Editorials
changing times, changing systems: a message from the managing editor, 1
continuing medical education in *JOEM,* 487
Education: *see also* Continuing Medical Education
lead exposure and, impact on Mini-Mental State Examination, 574
low back pain, intervention impact on physician practice patterns and patient outcomes, 977
Electric utility workers, amyloid β protein and melatonin metabolite in, 769
Electromagnetic fields, cognitive impairment risks in, 66
Emergency room, chronic lower respiratory disease and air pollution and, elderly, CME article, 622
Encephalopathy, solvent-induced toxic (letter), 393
Epidemiology
asthma incidence in construction workers, in Finland, 752
chronic lymphocytic leukemia/non-Hodgkin's lymphoma, occupation and risks of, 469
dioxin contamination in Vietnamese, three decades after Agent Orange (letter), 218
early retirement, physical workload and, 930
hepatitis C screening and prevalence, in public safety workers (letter), 223
neural tube defects and parental occupation, Mexican Americans, 650
vitreous fiber production workers, mortality ratios (letter), 106
work disability, in the Netherlands, 510
Erectile dysfunction, after petrochemical exposure (letter), 105
Ergonomics
daily function in upper extremity disorders, workers' compensation claimants, 606
upper extremity disorders, practical measures of exposure, 73
Ethylamphetamine, methamphetamine/amphetamine-positive drug testing and, 435
Executives, health examination, value of and literature review, 736
Exercise, workplace cancer prevention program implementation and, one-year outcome report, 398
Exposure
anti-mildew plant, eye injuries, Posner-Schlossman syndrome after ocular exposure to (letter), 105
arsenic, lung cancer and, mortality rates, 291
benzene, trans,trans-muconic acid as biomarker of, 1173
biomass, indoor exposure to, lung cancer risks and, in rural China, 338
chemicals, maternal exposure during pregnancy, prospective and retrospective study, CME article, 708
creosote, biological *vs.* ambient monitoring of, 310
1,2-dichloroethane, oral administration, pneumotoxic effects after, 475
dust, small-scale wood industry workers, 1153
electromagnetic field, Alzheimer's disease and, 66
environmental contaminants, office workers near the World Trade Center disaster site, 601
hazardous chemicals, drug laboratory, law enforcement officers investigating, 184
hepatitis C, rural *vs.* urban public safety workers, 568
human immunodeficiency virus, health care workers, postexposure prophylaxis, treatment timeliness and treatment recommendations, 265
lead
autonomic nervous system, cardiac rhythm analysis for evaluation, 59
education and, impact on Mini-Mental State Examination, 574
mercury, fish consumption and, 143
noise, ceramic glazing, lead intoxication from, neuro-ototoxicity effects, 30
nuclear reactor workers, cancer incidence in, in Finland, CME article, 634
perchlorate, in drinking water (letter), 393
petrochemicals, erectile dysfunction after (letter), 105
polycyclic aromatic hydrocarbons, 1-hydroxypyrene as biomarker of exposure to, 1119
solvents
neural tube defects and, Mexican Americans, 650
organic, non-Hodgkin's lymphoma and, 876
toxic encephalopathy induced by (letter), 393
triazine herbicide, cancer risks in, 1048
Eye injury
phototoxicity and (letter), 487
Posner-Schlossman syndrome after ocular exposure to anti-mildew plant (letter), 105

F

Famprofazone, methamphetamine/amphetamine-positive drug testing and, 435
Farmers/Farmworkers: *see also* Agricultural workers
green tobacco sickness, Latinos (letter), 225
hazardous substances emergency events in, CME article, 714
livestock, respiratory findings in (letter), 303
pesticides, removal from hands with soap and water washing procedure, 1076
respiratory health program evaluation, 1064
Fatigue, lifestyle factors as risk factors in workplace, 116
Finger, vibration-induced white, long-term follow-up, 1203
Firefighters
body mass index and health status association in, 94-
with diabetes mellitus (letter, 492
fitness self-perception and maximum oxygen consumption in, 546
hazardous materials teams, blood pressure and employment status, 669
injury risk factors in structural fires, 1059
lipid profile over time, prevention strategies, 840
Fish consumption
mercury exposure and, 143
sex ratio and (letter), 885
Fitness, self-perception of, maximum oxy-

gen consumption and, in firefighters, 546
Flight attendants, female, reproductive biomonitoring, feasibility issues, 947
Foam manufacturing workers, skin problems after toluene diisocyanate exposure, 1197
Forest products mill, hemochromatosis screening program in, 745
Fungus, toxic, pulmonary disease and (letter), 705

G

Gender
cancer risks, painters/paint manufacturing industry, 258
fish consumption and sex ratio (letter), 885
male hormone levels, non-ionizing radiation and (letter), 305
multisymptom illness, Gulf War veterans, risk factors for, 271
persons with disabilities in workplace and, 358
Genetic polymorphisms, *MnSOD, GSTM1, GST1093, OGG1,* in coal workers' pneumoconiosis, 372
Granite workers, silicosis, radiographic abnormalities and (letter), 308
Gulf War veterans
health registries, occupational and other factors influencing participation in, 758
multisymptom illness in, risk factors for, 271

H

Hairdressers, asthma prevalence and risk factors, in Turkey, 585
Hand injury, traumatic occupational, type, location, and severity, 345
Hazardous materials
creosote exposure, biological *vs.* ambient exposure monitoring, 310
emergency events in agriculture industry, CME article, 714
exposure to, law enforcement investigation of drug laboratory, 184
firefighters and, blood pressure and employment status, 669
Health, workplace productivity and, presenteeism assessment, 14
Health behavior, Coronary Health Improvement Project impact on, 831
Health care
access to, assessment of plan for, after work-related injury, 246
office-based, work-related conditions, ambulatory medical care survey, CME article, 1106
Health care management initiative, effects on cost reduction in workers' compensation, CME article, 1100
Health care utilization
Johnson & Johnson Health & Wellness program impact on, 21
review program effects on back/neck injury claims, 365
Health care workers
hepatitis A prevention, cost analysis, in Israel, 109
human immunodeficiency virus, postexposure prophylaxis, treatment timeliness and treatment recommendations, 265
Health effects, office workers near the World Trade Center disaster site, 601
Health examination, executives, value of and literature review, 736
Health history, occupational, questionnaire reliability and validity, 39
Health promotion
in construction industry, 540
Johnson & Johnson Health & Wellness Program, employee health risks impact, 417
program participation, on disability days, 776
workplace cancer prevention program implementation and, one-year outcome report, 398
Health registries, occupational and other factors influencing participation in, Gulf War veterans, 758
Health risks, employee, Johnson & Johnson Health & Wellness Program impact on, 417
Health status, body mass index and, association in firefighters, 94-
Hearing loss, lead exposure and, neurootoxicity effects, 30
Heart At Work Program, cardiovascular disease risk factor awareness and, 228
Heart disease
lipid levels in firefighters and, prevention strategies, 840
work history questionnaire, validity and reliability of, 1037
Heat stress, industrial workers, deep core body temperature in, 125
Hemochromatosis, screening program in forest products mill, 745
Hepatitis A, prevention in health care workers, cost analysis, in Israel, 109
Hepatitis C
public safety workers, rural *vs.* urban, 568
in public safety workers (letter), 221
screening and prevalence, in public safety workers (letter), 223
Hormone levels, male, non-ionizing radiation and (letter), 305
Human immunodeficiency virus
postexposure prophylaxis, treatment timeliness and treatment recommendations, 265
in the workplace, ACOEM position statement, 495
Hydrofluoric acid, burns from, management of (letter), 309
1-Hydroxypyrene, as biomarker of exposure to polycyclic aromatic hydrocarbons, boilermakers, 1119
Hypertension
firefighters on hazardous materials teams, 669
work history questionnaire, validity and reliability of, 1037
Hyperthermia, industrial workers under thermal stress, deep core body temperature in, 125
Hypoglycemia, reforestation workers, physiological and biochemical status, 559

I

Immunological response, reforestation workers, physiological and biochemical status, 559
Industrial workers, under thermal stress, deep core body temperature in, 125
Infants
birth weight, standing at work during pregnancy effects, CME article, 815
dichlorodiphenyl dichloroethene and polychlorinated biphenyl levels, parental concentrations of, sex ratio in offspring and, 8
perchlorate in drinking water effects (letter), 393
Infections, common, prevalence, work schedule impact on, CME article, 1003
Infertility, male, occupational psychological stress and, CME article, 1093
Inhalation, toxic, fatalities in construction workers, 657
Injury, work-related
access to care and return to work program assessment, 246
back/neck injury claims, medical care utilization review program effects on, 365
burns, long-term review study, 692
disabling, in construction industry, 1161
eye injury, phototoxicity and (letter), 487
fatal, in construction industry, OSHA trench and excavation standards impact on, CME article, 902
firefighters in structural fires, 1059
hydrofluoric acid burns, management of (letter), 309
low back pain, comorbidity and outcomes in, 677
musculoskeletal, occupational medicine center-based physical therapy effectiveness, 48
musculoskeletal pain disability, psychiatric disorders prevalence in, 459
patient satisfaction with quality of care and outcomes, 425
physical therapy role in occupational low back injury (letter), 488
rate, cost, and duration of, risk assessment team reduction effects, 155
Iron levels, hemochromatosis screening program in forest products mill, 745

Isocyanate exposure, pulmonary function and, automobile finishings plant, 1083

Neck injury, claims, medical care utilization review program effects on, 365
Neoplasms, malignant, mortality among chemical company employees, long-term review study, 168
Nerve conduction, carpal tunnel release, distal motor latency as predictor of surgical outcome, 176
Nerve function, organophosphate pesticide exposure and, 352
Nervous system, cancer of, occupational exposures in Finnish women, 663
Neural tube defects, parental occupation and, Mexican Americans, 650
Neurological disorders, risks of, electromagnetic field exposure and, 66
Neuromuscular function, organophosphate pesticide exposure and, 352
Neuro-ototoxicity, noise exposure in lead-exposed adults, 30
Noise exposure
  cotton-mill room, tracheal epithelium cell composition after chronic exposure to, rats, 1135
  lead-exposed adults, neuro-ototoxicity and, 30
  styrene exposure and, workers exposed to, audiometric findings in, CME article, 806
Nuclear reactor workers, cancer incidence in, in Finland, CME article, 634
Nutrition, workplace cancer prevention program implementation and, one-year outcome report, 398

O

Obesity, fatigue and psychological distress in the workplace and, 116
Occupational and environmental medicine, center-based physical therapy, effectiveness of, 48
Occupational health, health history questionnaire, reliability and validity of, 39
Occupational risk factors
  chronic lymphocytic leukemia/non-Hodgkin's lymphoma, occupation and risks of, 469
  neural tube defects and parental occupation, Mexican Americans, 650
Occupational Safety and Health Administration, trench and excavation standards, fatal injury in construction industry and, CME article, 902
Office workers, health effects and occupational exposure, World Trade Center disaster site, 601
Organophosphates, occupational exposure to, nerve and neuromuscular function effects, 352
Outcomes
  carpal tunnel release, distal motor latency

as predictor of surgical outcome, 176
low back pain, education intervention impact on physician practice patterns and patient outcomes, 977
low back pain in workplace, comorbidity and outcomes in, 677
occupational medicine center-based physical therapy, effectiveness of, 48
patient satisfaction with, after work injury, 425
Oxygen consumption, maximum, fitness self-perception and, in firefighters, 546

P

Pain
low back
comorbidity and outcomes in, 677
education intervention impact on physician practice patterns and patient outcomes, 977
risk factors for sick leave due to, 451
musculoskeletal, work as risk factor, adolescents, 956
Painters/paint manufacturing industry, cancer risks in, 258
Pancreatic cancer, paint and varnish plant workers, 258
Patient satisfaction, quality of care and outcomes after work injury, 425
People and events, 99, 190, 300, 378, 481, 597, 700, 781, 882, 986, 1092, 1209
Perchlorate
in drinking water, cancer risks after long-term exposure to, 616
in drinking water (letter), 393
Pesticides
organophosphate, nerve and neuromuscular function effects, 352
removal from hands with soap and water washing procedure, 1076
Petrochemical exposure, Peyronie's disease after (letter), 105
Petrochemical plant workers, mortality rates (letter), 395
Peyronie's disease, after petrochemical exposure (letter), 105
Phenoxyherbicide, dioxin contamination in Vietnamese, three decades after Agent Orange (letter), 218
Phototoxicity, occupational eye injury and (letter), 487
Physical activity, sick leave and, CME article, 530
Physical examination, executives, value of and literature review, 736
Physical therapy
early, low back musculoskeletal disorders (letter), 490
in occupational low back injury (letter), 488
occupational medicine center-based, effectiveness of, 48
Physical work loads, questionnaire for assessing, validity of, CME article, 724
Physical workload, early retirement and, 930
Pneumoconiosis, coal workers', *MnSOD, GSTM1, GST1093, OGG1* genetic polymorphisms in, 372
Pneumonia, bronchiolitis obliterans organizing, in spice process workers (letter), 215
Poisoning, toxic inhalation in construction workers, fatalities from, 657
Police officers
aging, work stress in, 160
drug laboratory investigation, exposure to hazardous chemicals, 184
Polychlorinated biphenyls, parental concentrations of, sex ratio in offspring and, 8
Polycyclic aromatic hydrocarbons, 1-hydroxypyrene as biomarker of exposure to, boilermakers, 1119
Popcorn workers, airway obstructive disease in (letter), 216
Poppy seeds, methamphetamine/amphetamine-positive drug testing and, 435
Posner-Schlossman syndrome, after ocular exposure to anti-mildew plant (letter), 105
Poultry plant workers, pseudo-outbreak of tuberculosis in, 1169
Precursor medications, methamphetamine/amphetamine-positive drug testing and, 435
Pregnancy
history, health history questionnaire and, 39
maternal exposure to chemicals during, prospective and retrospective study, CME article, 708
neural tube defects, parental occupation and, Mexican Americans, 650
standing at work during, infant birth weight effects, CME article, 815
Presenteeism, health status and employee productivity, 14
Productivity, workplace
depression, quality of mental health services effects on, 320
losses related to the common cold, CME article, 822
migraine headache and, CME article, 523
presenteeism assessment and, 14
reforestation workers, physiological and biochemical status, 559
Psychiatric disorders, prevalence in work-related musculoskeletal pain disability, 459
Psychological distress, lifestyle factors as risk factors in workplace, 116
Psychological stress, occupational, male infertility and, CME article, 1093
Psychopathology, in work-related musculoskeletal pain disability (letter), 888
Psychosocial factors
aging police officers, work-related stress and, 160
daily function in upper extremity disorders and, workers' compensation claimants, 606
sick leave due to low back pain and, 451
Public health, chlorine exposure consequences and, CME article, 906
Public safety workers
hepatitis C infection among (letter), 221
hepatitis C screening and prevalence (letter), 223
rural *vs.* urban, hepatitis C in, 568
Pulmonary disease
chronic obstructive, pulmonary function test *vs.* cardiopulmonary exercise test for functional evaluation, 54
Stachybotrys chartarum exposure and (letter), 705
Pulmonary disorders, airway obstructive disease in popcorn workers (letter), 216
Pulmonary function
after manganese exposure, 282
isocyanate and solvent exposure and, automobile finishings plant, 1083
Pulmonary function test, chronic obstructive pulmonary disease, comparison with cardiopulmonary exercise test for evaluation, 54
Pulp/paper industry, lung/pleural cancer and asbestos exposure in, mortality rates, 579

Q

Quality of care, patient satisfaction with, after work injury, 425

R

Radiation, non-ionizing, male hormone levels and (letter), 305
Radiography, silicosis in granite workers and (letter), 308
Railroad workers, solvent-induced toxic encephalopathy (letter), 393
Refinery/petrochemical plants, mortality rates (letter), 395
Reforestation workers, physiological and biochemical status, 559
Rehabilitation, occupational medicine center-based physical therapy, effectiveness of, 48
Repetitive motion, health history questionnaire and, 39
Reproductive outcomes, female flight attendants, feasibility issues in biomonitoring, 947
Research
framework for addressing health issues (letter), 393
smoking history data collection for deceased workers, 915
upper extremity disorders, ergonomic exposures, practical measures of, 73
workers as subjects in, 801
Respiratory disease/impairment
asphalt roofing/production and, 551
chronic lower, in elderly, air pollution and, CME article, 622
law enforcement investigation of drug laboratory, exposure to hazardous chemicals and, 184
pulmonary function test *vs.* cardiopulmo-

nary exercise test for functional evaluation, 54
Respiratory function, multiple chemical sensitivity and, CME article, 1012
Respiratory health program, evaluation of, farmers and families, 1064
Respiratory infection
acute, air pollution and, children in developing countries, 640
upper, stress, mucosal immunity, and, absenteeism (letter), 987
Respiratory symptoms
after manganese exposure, 282
1,2-dichloroethane, oral administration effects, 475
livestock farmworkers (letter), 303
small-scale wood industry workers, 1153
woodworkers, 82
Respiratory tract irritation, sensory irritation test for assessment of, 968
Retirement, early, physical workload and risks of, 930
Rhinitis
hyperreflectoric, environmentally triggered, nasal mucosa innervation in, 924
trimellitic anhydride-induced asthma and, prevalence, 1179
Risk assessment team, workplace injury rate, cost, and duration effects, 155
Risks
bladder cancer, occupation effects on, 685
brain/nervous system cancer, occupational exposures in Finnish women, 663
hairdressers, asthma prevalence and risk factors, in Turkey, 585
occupational, small bowel carcinoid tumor, CME article, 516
rodent exposure and rodent-borne viruses, occupational risks of, 962
Rodent exposure, rodent-borne viruses and, occupational risks of, 962

S

Sensory irritation test, respiratory tract irritation assessment, 968
September 11, 2001, World Trade Center disaster site, health effects and occupational exposure in office workers near, 601
Sex ratio
fish consumption and (letter), 885
in offspring, dichlorodiphenyl dichloroethene and polychlorinated biphenyl exposure, parental concentrations of, 8
Sexual dysfunction, after petrochemical exposure (letter), 105
Sick leave: *see also* Absenteeism
cardiovascular disease risk factor awareness and, Heart At Work Program effects, 228
costs and health risks association with, 1126
low back pain and, risk factors for, 451
physical leisure-time activities and, CME article, 530
Silicosis, radiographic abnormalities and (letter), 308
Skin problems, toluene diisocyanate exposure and, foam manufacturing workers, 1197
Small bowel, carcinoid tumor, occupational risk factors for, CME article, 516
Smoking: *see* Tobacco smoke
Solvents
exposure to
neural tube defects and, Mexican Americans, 650
pulmonary function and, automobile finishings plant, 1083
organic, non-Hodgkin's lymphoma and, 876
Spice process workers, bronchiolitis obliterans organizing pneumonia in (letter), 215
Spirometry, lung function and respiratory symptoms in woodworkers, 82
Stachybotrys chartarum exposure, pulmonary disease and (letter), 705
Stress, work-related, aging police officers, 160
Styrene exposure, noise exposure and, audiometric findings in, CME article, 806
Substance abuse screening
methamphetamine/amphetamine-positive, precursor medications as source of, 435
substituted urine specimen, federal criteria for, 407
Sun exposure, outdoor working men, nonmelanoma skin cancer and, 847
Surgery, carpal tunnel release, distal motor latency as predictor of surgical outcome, 176
Surveillance, law enforcement investigation of drug laboratory, exposure to hazardous chemicals and, 184

T

Thermal stress, industrial workers, deep core body temperature in, 125
Thyroid cancer, occupational risks of (letter), 307
Tobacco smoke
history data collection for deceased workers, 915
secondhand, exposure in the workplace, 503
workplace cancer prevention program implementation and, one-year outcome report, 398
worksite smoking cessation program evaluation (letter), 703
Tobacco workers, green tobacco sickness, Latino farmworkers (letter), 225
Toluene diisocyanate, skin problems after exposure to, foam manufacturing facility, 1197
Toxic Substances Control Act, framework for addressing health issues (letter), 393
Tracheal epithelium, cell composition effects, after chronic exposure to cotton-mill-room noise, rats, 1135
Tree planting, physiological and biochemical status of workers, 559
Triazine herbicide workers, cancer risks in, 1048
Trichloroethylene, in drinking water, cancer risks after long-term exposure to, 616
Trimellitic anhydride, asthma induced by, rhinitis and conjunctivitis prevalence in, 1179
Tuberculosis, pseudo-outbreak in poultry plant workers, 1169

U

Upper extremity disorders
carpal tunnel release, distal motor latency as predictor of surgical outcome, 176
case manager training effects on worksite accommodations, workers' compensation claimants, 237
ergonomic exposures, practical measures of, 73
psychosocial factors and ergonomics effects on daily function, workers' compensation claimants, 606
vibration-induced white finger, long-term follow-up, 1203
Urine specimen, substituted, federal criteria for, 407

V

Vaccination, hepatitis A, health care workers, cost analysis, in Israel, 109
Vagal depression, lead exposure and, cardiac rhythm analysis for evaluation, 59
Vascular endothelial growth factor promotor, mutations in, amyotrophic lateral sclerosis and, in airline pilots (letter), 987
Vibration-induced white finger, long-term follow-up study, 1203
Violence, workplace injury, case-site/control-site study, CME article, 1018
Vitreous fiber production workers, mortality study (letter), 106

W

Wartime exposure, Gulf War veterans, health registries, occupational and other factors influencing participation in, 758
Water, drinking
perchlorate in drinking water (letter), 393
perchlorate/trichloroethylene in, cancer assessment after long-term exposure to, 616
Welders, burn injury, localized neutrophilic dermatosis after (letter), 491
Wood industries, small-scale, respiratory symptoms and dust exposure in, 1153
Woodworkers, respiratory symptoms and lung function, 82
Work
history, questionnaire, validity and reliability of, 1037
return to
after myocardial infarction or coronary artery bypass graft, supervisor attitudes toward, 331
assessment of plan for, after work-related injury, 246

musculoskeletal injuries, occupational medicine center-based physical therapy effectiveness and, 48
schedule, impact on common infections prevalence, CME article, 1003
Workers' compensation
burn injuries, long-term review study, 692
health care management initiative effects on cost reduction in, CME article, 1100
upper extremity disorders
case manager training effects on worksite accommodations, 237
ergonomic and psychosocial factors effects on daily function, 606
Workplace
accommodations for upper extremity disorders, case manager training effects on, workers' compensation claimants, 237
automated external defibrillation in, ACOEM position statement, 2
back/neck injury claims, medical care utilization review program effects on, 365
blood coagulation factors and job characteristics, male Korean workers, 997
cancer prevention program implementation, one-year outcome report, 398
Coronary Health Improvement Project impact on health behavior and risks, 831
diabetes mellitus, annual costs of disability in, 136
disability, in the Netherlands, 510
ergonomic exposures, practical measures of, upper extremity disorders and, 73
fatigue, lifestyle factors as risk factors for, 116
health and wellness programs, health care utilization and expenditures impact, 21
health promotion, in construction industry, 540
HIV and AIDS n, ACOEM position statement, 495
human immunodeficiency virus, postexposure prophylaxis, treatment timeliness and treatment recommendations, 265
industrial workers under thermal stress, deep core body temperature in, 125
patient satisfaction with quality of care and outcomes after work injury, 425
persons with disabilities in, 358
psychological distress, lifestyle factors as risk factors for, 116
rodent exposure and rodent-borne viruses, occupational risks of, 962
secondhand smoke exposure in, serum cotinine levels, 503
short-term disability, depression-related, CME article, 628
smoking cessation program evaluation (letter), 703
standing during pregnancy, infant birth weight effects, CME article, 815
substituted urine specimen, federal criteria for, 407
violent injury, case-site/control-site study, CME article, 1018
workers as research subjects, 801
work-related medical conditions, office-based health care for, CME article, 1106

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION (Required by 39 U.S.C. 3685)

1. Title of publication: JOURNAL OF OCCUPATIONAL AND ENVIRONMENTAL MEDICINE.
2. Publication no.:1076-2752.
3. Date of filing: 10-01-02.
4. Frequency of issue: Monthly.
5. No. of issues published annually: 12.
6. Annual subscription price: $226.00.
7. Complete mailing address of known office of publication: Lippincott Williams & Wilkins, 16522 Hunters Green Parkway, Hagerstown, MD 21740-2116.
8. Complete mailing address of the headquarters or general business offices of the publisher: Lippincott Williams & Wilkins, 530 Walnut Street, Philadelphia, PA 19106.
9. Full names and complete mailing address of publisher, editor, and managing editor: Publisher: Lippincott Williams & Wilkins, 530 Walnut Street, Philadelphia, PA 19106. Editor: Paul W. Brandt-Rauf, M.D., Director, Columbia-Presbyterian Medical Center, Division of Environmental Sciences, 60 Haven Avenue, B-1 Level, New York, NY 10031. Managing Editor: Marjory Spraycar, 605 Worcester Road, Towson, MD 21286.
10. Owner: American College of Occupational and Environmental Medicine, Attn: Barry S.Eisenberg, MA—Executive Director, 1114 N. Arlington Heights Road, Arlington Heights, IL 60004.
11. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities: None.
12. Purpose, function, and nonprofit status: Has not changed during preceding 12 months.
13. Publication Name: JOURNAL OF OCCUPATIONAL AND ENVIRONMENTAL MEDICINE.
14. Issue Date for circulation data: Volume 44, Number 8.
15. Extent and nature of circulation: Average number of copies each issue during preceding 12 months: (a) Total no. copies (Net Press Run), 8,200. b) Paid and/or requested circulation: (1) Paid/requested outside-county mail subscriptions stated on Form 3541 (include advertiser's proof and exchange copies), 5,615 (2) Paid in-county subscriptions (include advertiser's proof and exchange copies), none. (3) Sales through dealers and carriers, street vendors, counter sales, and other non-USPS paid distribution, 1,022. c) Total paid and/or requested circulation (sum of 15b(1), (2), (3), (4), 6,637. D) Free distribution by mail (samples, complimentary, and other free copies): (1) Outside-county as stated on Form 3541, 114. (2) In-county as stated on Form 3541, none. (3) Other classes mailed through the USPS, none. e) Free distribution outside the mail (carriers or other means), 27. (f) Total free distribution (sum of 15d and 15e), 141. g) Total distribution (Sum of 15c and 15f), 6,778. h) Copies not distributed: 1,422. i) Total (sum of 15g and h, 8,200. j) Percent paid and/or requested circulation: (15c divided by 15g times 100), 98%. Actual no. copies of single issue published nearest to filing date: a) Total no.copies (Net Press Run), 7,700 b) Paid and/or requested circulation: (1) Paid/requested outside-county mail subscriptions stated on Form 3541 (include advertiser's proof and exchange copies), 5,649. (2) Paid in-county subscriptions (include advertiser's proof and exchange copies), none. (3) Sales through dealers and carriers, street vendors, counter sales, and other non-USPS paid distribution, 1,039. (4) Other classes mailed through the USPS, none. c) Total paid and/or requested circulation (sum of 15b(1),(2), (3), and (4), 6,688. d) Free distribution by mail (samples, complimentary, and other free copies): (1) Outside-county as stated on Form 3541, 197. (2) In-county as stated on Form 3541, none. (3) Other classes mailed through the USPS, none. e) Free distribution outside the mail (carriers or other means), 104. f) Total free distribution (sum of 15d and 15e), 301. g) Total distribution (Sum of 15c and 15f), 6,989. h) Copies not distributed: 711. i) Total (sum of 15g and h(1), and 15h(2), 7,700. j) Percent paid and/or requested circulation (15c divided by 15g times 100), 96%.
16. This Statement of Ownership will be printed in the Volume 44, Number 12 issue of this publication.
17. I certify that the statements made by me above are correct and complete.

Jeffrey Brown, Manager
Periodical Operations
